SKILLS

Backend Developer with 2 years of experience in .NET (C#, VB.NET), expanding expertise into Java (Spring Boot). Skilled in designing APIs, working with SQL Server and PostgreSQL, and building scalable solutions. Strong background in frontend with React and Tailwind CSS.

EXPERIENCE

.Net Web Application – *Full Stack developer*

DNAMIC | Databricks Data Solutions / april 2024 – May 2025

- Developed new backend features and resolved bugs in a .NET web application, improving performance and aligning with business requirements.
- Designed and optimized SQL Server queries, stored procedures, and views to ensure data integrity and scalability.
- Built and maintained REST APIs and dynamic components, integrating frontend features with backend services.
- Collaborated in a full-stack environment using .NET, JavaScript, and modern frameworks to deliver high-quality web solutions.

Web Sites – *Web Developer*

April 2023 – Present

- Built and deployed responsive websites for AirClip and PaizTech using Astro and React, implementing reusable components, SEO-friendly layouts, and modern UI design with Tailwind CSS. These projects showcase practical experience in building performant, production-ready web interfaces.

PLUTrainer – *FullStack Developer*

May 2025 – July 2025

- Developed a full-stack web application to train supermarket cashiers in PLU codes. The platform allows users to practice and take exams, improving training efficiency. Built a robust backend with .NET and PostgreSQL, and created a modern, responsive frontend using React with TypeScript, Vite, and Tailwind CSS—featuring dynamic components and a clean, user-friendly interface.

Web Sites— *web content Developer*

Encora Inc / July 2025 – Oct 2025

- I contribute with strong skills in CSS selectors and regex to efficiently extract and process relevant information

EDUCATION

Technical Degree in Computing and IT (UNED) – *Computer Programming*

Introduction to IoT(Cisco) – *Technical Certification*

Introduction to CyberSecurity(Cisco) – *Technical Certification*

SoftWare Engineering (UNED) – *Ongoing studies*

Languages

Spanish Native

English Proficiency: B2

Skills

Team collaboration and effective communication

Languages & Frameworks: JavaScript, TypeScript, HTML, CSS, C# (.NET), VisualBasic, React, jQuery Java, SprintBoot.

Tools & Platforms: Visual Studio, Cursor, Visual Studio Code , Vite, Supabase, Firebase, SQL Server Management Studio, PostMan, Docker, Github, Git.

Databases: SQL Server, PostgreSQL

UI Frameworks: Tailwind CSS, Bootstrap

Practices: Object-Oriented Programming (OOP), Agile Development, SOLID, Microservices Architecture, RESTful API design
